

GIRAFFE CUTOUT

1. Cut around both pieces.
2. Cut in on solid lines by back legs, on muzzle, and slits on back.
3. Fold down on dotted lines, fold up on dotted lines at neck.
4. Match up A and B on the two neck pieces and glue together.
5. Fold up left side of neck, fold right side over, glue on top of left side. (You may need to push a pencil through the neck tube to tap down the glue.)
6. Fold down head, glue small flaps behind muzzle.

7. Glue back flaps behind back legs.
8. Fold tail up behind neck.
9. Weave tail through slits, fold down on dotted line.

Pull the Tail to make the head go up and down!

Extra:
Glue a pipe cleaner to the back of the neck to make a mane!
